### 481 Ridout Street

Eldon House is London's oldest residence and contains family heirlooms, furnishings and priceless treasures of the Harris family as well as a beautiful 19th-century style garden. Built in 1834 for John and Amelia Harris, this historic home remained in the family until 1960 when it was donated to the City of London. Although surrounded by the city today, the house and its gardens are a place of beauty and tranquility.

Scallywag is a diverse collection of musicians who bring to the stage a wealth of performing and writing experience with a flair for folk/roots/music. Over the past 20 years he has earned a reputation as one of the area's best and most prolific songwriters. A master storyteller, every song weaves a poignant story about what it is to be Canadian; and every melody leaves you singing long after the song has ended.

## THE ARTS PROJECT

### 203 Dundas Street

The ARTS Project is a unique organization in the community as it is the means through which hundreds of artists of all disciplines are offered an opportunity to develop and showcase their work. The main goal of the ARTS Project is to give artists the support to be creative and develop their work and to offer them an outlet for which they can share that work with the community. **The ARTS Project is open noon to 5:00 pm Tuesday - Saturday and 2:00 pm to 5:00 pm Sunday.**

### Frank Foster

Frank Foster's wood, alabaster and soapstone carvings appear "alive" which is difficult to achieve in static mediums. An award winning woodcarver, his fish carvings are renowned for their breathtaking accuracy. Frank will be demonstrating from: **1:00 pm - 4:00 pm July 17, & 2:30 pm - 4:30 pm July 18**

### Doug Magrath

Ranging from the sensibly functional to the stunningly decorative, Doug Magrath's woodturned bowls are elegantly formed while preserving the natural characteristics of each piece. He balances the raw and untreated with a refinement of wood's intrinsic design.

### Al Magrath

Al Magrath paints in acrylics, water colour, inks, pastels, charcoal and mixed media. His routine is to paint a landscape, often images of rural Ontario, followed by an abstract. This keeps his style both tight and loose in terms of brushwork, space, colour and composition.
